

Lc4 port fiber optic panel

Overview

The mini wall mount fiber optic patch panel FTWM4 series with LC duplex adapters will come with a simple splice management kit to support fiber optic splicing work. It can support up to 4 optical ports when it is fully loaded. Designed to be compact and lightweight, it can be deployed in various. FHU® adapter panel is made of SPCC material and pre-loaded with LC adapters. The product is primarily used with standard 19-inch cabinets or racks. NG4access ® Cabled Modules available in all module sizes and fiber counts up to 864 fibers NG4access ® Splice Tray Four sizes of interchangeable Propel fiber pass-through adapter packs provide the breadth of capabilities for virtually any configuration. Four sizes of interchangeable Propel fiber. The Excel range of LC patch panels are sliding drawer "tray style" housings suitable for either direct termination or splicing of up to 48 fibres in 1U of rack space. Each panel is manufactured from black UL94-V0 ABS plastic and a metal support frame providing a strong and durable unit. You can display 4 cores SC or 8 cores LC connections as per the FTTX application. 4. Optimize data center efficiency with our fiber adapter panel.
