

Network switch rack cabling price

Overview

Professional network cabling in 2026 typically costs \$150-\$250 per commercial Cat6 drop, \$200-\$350+ per harder Cat6A commercial drop, and \$200-\$400 for isolated finished-wall additions where minimum service-call labor dominates. Open-wall pre-wire lowers the per-drop cost. In comparison to conventional cabling up to 50% more rack space can be used when using a patchbox. Need help?

At Cable Monkey we hold stock of a huge range of Data & Server cabinets. Most available for next day delivery. High quality 6 Way, BS1363 UK outlet Power Distribution Unit. Network cabinets are enclosed systems designed to securely store, organize, and protect networking and IT equipment such as switches, routers, patch panels, servers, power strips, and cable management components.
