

Nigerian Plastic Tail Fiber Channel Factory

Overview

Built by Coleman Technical Industries Limited (CTIL) in Sagamu, Ogun State, the facility is seen as a key national asset that will strengthen the country's digital backbone and drive industrial growth. Nigeria's digital infrastructure received a major boost on Tuesday November 11, with the unveiling of Africa's largest fibre optic cable factory and the continent's first Fibre-Reinforced Plastic (FRP) manufacturing plant. This milestone marks a major leap in local manufacturing capability and reaffirms Nigeria's commitment to technological self-reliance. With expanded. At Perfect-Tech Fibreglass Nig Ltd, we specialize in the design, production, and installation of high-quality fibreglass and fibre-reinforced plastic (FRP) products tailored for industrial, commercial, and domestic applications.
