

Which companies are involved in the four major photovoltaic modules

Overview

In 2024, the global solar module market continued to see the strongest players thrive, with the top four enterprises — JinkoSolar, LONGi, Trina Solar and JA Solar — collectively shipping over 320GW and dominating the industry. Grid-connected solar photovoltaics (PV) is the fastest growing energy technology in the world, growing from a cumulative installed capacity of 7.7 GW in 2007, to 320 GW in 2016. In 2016, 93% of the global PV cell manufacturing capacity utilized crystalline silicon (cSi) technology, representing a. During the conference, PVBL announced its annual ranking of the top 20 global photovoltaic module manufacturers. According to Solarbe. This report, drawing on the latest developments in the 2025 market, analyzes the key characteristics of the top 10 global PV module manufacturers across four dimensions: technological capability, vertical integration, international presence, and performance in the European market. Disclosure: This post may contain affiliate links. As an Amazon Associate, we earn from qualifying purchases. This. China has invested over USD 50 billion in new PV supply capacity – ten times more than Europe – and created more than 300 000 manufacturing jobs across the solar PV value chain since 2011.

Article Content

Top 10: Solar Energy Companies | Energy Magazine

The top solar energy companies producing both electricity and solar technologies include NextEra Energy, LONGi, JinkoSolar and JA Solar

14 Largest Solar Companies In The World [As of 2026]

We've focused on the titans of the industry- the largest solar companies worldwide - and explored their crucial role in shaping the future of

Top 10 PV module suppliers in 2022 shipped 245GW

Finlay Colville, head of research at PV Tech, reveals the top 10 module suppliers of 2022 and discusses what to expect from them this year.

Top 10 Solar Module Manufacturers in 2024: Market

These companies have also weathered recent market upheavals better than most. Despite significant challenges—such as record-breaking price

TOP 20 PV Module Manufacturers Production Ranking

Solidified Top Tier, Formation of a "One Dominant Leader, Several Major Players" Landscape: Trina Solar, Jinko, LONGi, and JA Solar form a stable

The 9 largest solar panel manufacturers in the world

Discover which companies are producing the highest number of solar panels around the world, ranked from ninth to first.

Revealed: The top 10 PV module suppliers in 2021 -

During 2021, the top-10 module suppliers shipped circa. 150GW. LONGi was the clear number-one, with Chinese companies again accounting for

Top 10 Global Photovoltaic Module Manufacturers in 2025

This report, drawing on the latest developments in the 2025 market, analyzes the key characteristics of the top 10 global PV module manufacturers

EU Solar Manufacturing Map

The EU Solar Manufacturing map gives an overview of solar manufacturing companies active along the solar PV chain. On this map, you'll find manufacturers spanning from polysilicon to module as well as

14 Biggest Solar Companies in the World

JinkoSolar Holding Co., Ltd. is a major solar energy company specializing in the manufacturing of photovoltaic modules. Headquartered in

2025 Top 20 Global Photovoltaic Module Manufacturers

In 2024, the global solar module market continued to see the strongest players thrive, with the top four enterprises — JinkoSolar, LONGi, Trina Solar and

Top 10 List of Solar PV Module Manufacturer

Discover the top 10 solar PV module manufacturer companies in 2025, featuring American-made solar panels and industry leaders like First Solar and LONGi

Top 10 Companies in the Solar Photovoltaic PVs Industry (2025):

In this blog, we profile the Top 10 Companies in the Solar Photovoltaic PVs Industry —a combination of established giants, innovative module manufacturers, and integrated energy solution

Top ten solar manufacturers ship 500GW modules in 2024

The leading crystalline silicon PV manufacturers have shipped a record 500GW of modules in 2024, according to a report from Wood Mackenzie.

2025 Top 20 Global Photovoltaic Module Manufacturers

During the conference, PVBL announced its annual ranking of the top 20 global photovoltaic module manufacturers. In 2024, the global solar module

How solar module producers are taking the IPO route to

As Mumbai-based Waaree Energies Ltd, India's largest solar photovoltaic (PV) module manufacturer, prepares to launch its initial public

Annual solar module production worldwide 2024| Statista

In 2024, the production of solar modules worldwide reached approximately 725 gigawatts. In the last years, global solar module production

Top 50 Companies in Photovoltaics Market in the World

Founded in 1997, the company designs, manufactures, and sells a wide range of photovoltaic modules, smart energy solutions, and solar system integration

Who are the top 10 photovoltaic module producers in the

With more than 300 GW of modules sold and a vertically integrated production line from wafers to modules, the company has ranked number one

Executive summary – Solar PV Global Supply Chains

Today, China's share in all the manufacturing stages of solar panels (such as polysilicon, ingots, wafers, cells and modules) exceeds 80%. This is more than

Executive summary – Solar PV Global Supply Chains

Solar PV Global Supply Chains - Analysis and key findings. A report by the International Energy Agency.

Photovoltaic Industry in Germany

International companies wishing to sell photovoltaic products in the European Union must fulfill established quality and safety requirements. In

10 Biggest Solar Companies

With NextEra Energy leading the pack, these are the 10 biggest solar companies based on market capitalization

Top solar photovoltaic module companies in 2023

In the dynamic world of solar energy, 2023 proved to be a noteworthy year for the top solar module manufacturers. The recently unveiled shipment

Top Solar Panel Manufacturers: Who Dominates in 2026?

The top solar panel manufacturers for 2026, ranked by shipment volume, efficiency, and bankability. Compare all 10 with specs, technology, and

Top 10 solar panel manufacturers 2025 by global

According to Solarbe Global and InfoLink Consulting data, the Global Top 4 — Jinko Solar, LONGi, Trina Solar, and JA Solar — maintain almost half of

List of the 100 largest solar panel manufacturers Global

The company has a yearly solar module capacity of 19.1 GW and produces PERC, HJT, and Bifacial solar modules. Risen established the Global
